## New Nanni importer for South America

November 29, 2018

### Fibrecon Marine to represent French engine manufacturer in Peru, Ecuador, Panama, Chile and Argentina

French engine manufacturer Nanni has signed a partnership with a new dealer in Latin America. Effective immediately, Fibrecon Marine will represent the company in Peru, Ecuador, Panama, Chile and Argentina.

Fibrecon specialises in the sales and maintenance of marine diesel engines. The company has a team of trained technicians and is based in Peru with offices in Lima, Iquitos and Piura.

Nanni has also unveiled a new campaign called Nanni Care, which is aimed at taking care of customers. The Nanni Customer Support Department now offers newly packaged Maintenance Kits suitable for its range of N2, N3 and N4 engines.

Kits are also available for Nanni's range of generator sets (up to QLS 47T). Overall, Nanni's diesel engine line-up ranges between 10 and 2000 hp, while its power generator sets range from 6 kW up to 500 kW.
