## NANNI GOES TO POLAND

In December 2017, **NANNI** has signed with a new exclusive importer for Poland: **Poweras**.

Poweras is a family run company located on the sea side close to Gdańsk and strongly associated with the shipbuilding industry.

Poweras supplies, assembles and commissions main propulsion engines, marine gensets as well as diesel electric systems. The company, is also MAN distributor for marine applications.

Thanks to its trained and experienced engineering team, Poweras operates and works all over the Poland territory for different applications .

They supply products and services to commercial, recreational as well as for Polish Navy customers.

From January 1st, Poweras will belong to the international NANNI network as exclusive importer, managing the sales of the complete range of Nanni engines and gensets, spare parts, and the after sales for Polish market.
