Nanni's dealer: Hexagon - **Stand 41**

### The first John Deere based Nanni engine has been commissioned in Arcachon Bay

**On April 28<sup>th</sup> 2015 Nanni installed the very first Nanni N6.325 CR2 developed from a John Deere engine base on the boat "Footloose".**

The first engine of Nanni's new range has commissioned on in the Arcachon Bay with UBA (Boatmen Union of Arcachon).

This passenger boat of 42 places has been serenely navigating across the Bay for more than a month with its new N6.325 CR2 in board.

The "Footloose" travels back and forth between Cap Ferret and Arcachon with students.

**A winning collaboration for Nanni et l'UBA!**

### Nanni is also participating at the 2015 Figaro race

**On May 31<sup>st</sup>, no less than 7 boats equipped with Nanni engines were on the start line of the Figaro race !**

All these boats are benefiting from the Nanni engine 3.75 HE -21 hp.  
This engine was specifically developed in 2005 for Figaro Beneteau sailboats.

Even though engines are forbidden during the race, it generates energy on board and ensures safety in case of damages to the boat.

The 3.75HE has already proven its reliability thanks to its quality and robustness.

**Here below the 7 boats equipped with Nanni for the Figaro race 2015:**

- BEYOU Jérémie (Maître Coq) => *winner of Figaro race 2014*
- DUTREUX Benjamin (Team Vendée)
- ELIES Yann (Groupe Queguiner - Leucémie Espoir) => *winner of Figaro race 2013 and 2012*
- EVENOU Yannick (Loi et Vin)
- HOREAU Corentin (Bretagne Crédit Mutuel Performance)
- PAMIR TOLGA Ekrem (1 Jour 1 Arbre 1 Homme)
- ROBERTS Alan (Magma Structure)

**Nanni Diesel boat at Figaro race 2004/2005**

**Nanni engines: the reference of the best skippers!**
